**1. Please provide your views on the proposal, including any objections or suggested revisions**

LGP is a member of the Market Procedures Working Group and contributed to the development of the revised procedure. We support the Procedure Change on the grounds that it improves the integrity of the Market Procedure through improved presentation and minor and typographical corrections that do not materially change the procedure.

---

---

**2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives**

LGP supports the proposed changes as being consistent with the Market Objectives in general in a manner that doesn't materially change the content.

---

---

**3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved**

LGP would incur no organisational costs as a consequence of adopting the change.

---

---

**4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed**

LGP would be able to implement this Rule Change immediately.
