

Reliability and Emergency Reserve Trader (RERT) contracted on Tuesday 13 February 2024

On 13 February 2024 AEMO entered into four Short Notice reserve contracts in response to a forecast Lack of Reserve 2 (LOR 2) condition in Victoria. The forecasted LOR 2 condition was triggered by a significant power system event in Victoria. The relevant contract details appear in the table below.

No costs are incurred if AEMO enters into contracts for short notice reserve but does not activate or pre-activate the contracted reserve.

None of these contracted reserves were activated or preactivated.
