IIR response template for IN003/20 (Gas Life Support) – Responses to be emailed to grcf@aemo.com.au by due **COB (AEST) Monday 1 June 2020.**

Review comments submitted by: *Red Energy & Lumo Energy*   Date: *28 May 2020*

Contact Person: *Stephen White*

Please complete sections 1 and 2.

Section 1 – General Comments on the Proposed Procedure Change

Topic	Please Provide Response Here
Sections 1 to 8 of the IIR sets out *AEMO's critical examination of the proposal.* Does your organisation support AEMO's examination of the proposal? If no, please specify areas in which your organisation disputes AEMO's examination of the proposal and include information that supports your organisation's rationale for not not supporting AEMO's examination.	Red Energy and Lumo Energy (Red and Lumo) support the examination of this proposal provided by AEMO.
Section 9 of the IIR sets out *AEMO's recommendation*. Does your organisation support AEMO's position to recommend the procedure changes?	Red and Lumo support AEMOs position to proceed with this change, contingent on scheduling the implementation of this change with the proposed timing of GMI IN011/20 (Modify CDN and add CDR to existing gas transaction set). Implementing these changes together will meet the National Gas Objective as it will be the most efficient and lowest cost for industry and will provide the maximum benefits to consumers. We support an implementation date in Q4 2021, however, this is conditional on the success of the proposed 12 month delay of the implementation of 5 Minute Settlement to 1 July 2022. If the 5MS delay does not progress, Red and Lumo would seek to discuss alternative implementation dates of the proposed changes.

Section 2 – Feedback on the documentation changes described the Attachments of the IIR.

Participants are to complete the relevant columns below in order to record their response.			
Ref #1 – Participant Build Pack – Process Flow Table of Transactions			
Section #	**Issue / Comment**	**Proposed text** ~~Red strikeout~~ means delete and blue underline means insert	**AEMO Response** **(AEMO only)**
