RMP Clause #	Issue / Comment	Proposed text Red strikeout means delete and <u>blue underline</u> means insert	AEMO Response (AEMO only)
	AGL notes that there is no process diagram for CDR and suggest that one be included clarifying that a CDN is sent in response to a CDR.		
	AGL notes that there is a different usage of the CDN for SA versus WA. In SA, the Retailer will automatically send a CDN to a network when the customer details change, whereas in WA, the CDN will only be sent in response to a CDR. The information in the Specification pack should show this clearly.
